Become a Global OSHA Authorized Trainer

Attend Global OSHA #500 Construction Safety Trainer Course via Zoom webinar.

Date: Mon-Fri August 16-20
Time: 8: 30 AM – 1:30 PM US Central Time
Location: Webinar
Tuition: $699
Prerequisites: 1) Three years' construction safety experience
2) Course #550 *Fundamentals of Adult Training*

This course provides instruction for qualified safety professionals to become Global OSHA Authorized Trainers for construction safety. This enables the trainers to conduct introductory and intermediate level construction worker safety classes worldwide through the Global Outreach Training Program. Trainers may issue Global OSHA course completion wallet cards with embedded digital badges for their students.

Course topics include: Safety and Health Programs; Design, Delivery, and Evaluation; Working at Heights; Ladder Safety; Scaffolds; Cranes; Excavation & Trenching; Caught-in and Between Hazards; Tool Safety; Struck-By Hazards; Electrical Hazards; Construction Health Hazards; and Personal Protective Equipment.

Join top safety experts Charlie Shields, Global OSHA Executive Director and former OTI instructor John Newquist as they cover the basics of construction safety training.

Charles Shields - Executive Director, Global OSHA
Charlie is the former Director of the OSHA Training Institute, where he directed training for compliance personnel, and was responsible for curriculum, testing, and course evaluation. He was a former OSHA inspector and Area Director, directing OSHA enforcement for 17 counties and more than one million workers. Charlie received numerous awards including OSHA Innovator of the Year, OSHA Leadership Award, 12 Secretary of Labor Exceptional Achievement Awards, and the DOL Distinguished Career Award. Charlie earned CSP and CIH credentials. He earned an MS in Industrial Health from the University of Michigan.

John Newquist - Partner, Newquist Safety
John is a former OSHA Training Institute instructor, where he specialized in construction safety and health. He was a former OSHA inspector, Area Office Director, and Assistant Regional Administrator. He is a globally recognized safety and health expert and author. John is an OSHA Outreach Trainer has been interviewed for his safety and health expertise and OSHA insight by NPR, BNA, and Safety and Health Magazine. He conducts training on numerous safety and health topics, including exam prep courses for CHST. John earned CHST, CSP, OHST, and CET credentials. John earned an MS in Industrial Management from Northern Illinois University.

This course consists of live instruction, self-paced online modules, knowledge checks, and quizzes. Students must develop and deliver a PowerPoint presentation on an assigned construction safety and health topic. Students earn a Global OSHA digital badge and receive a Global OSHA trainer card. **Contact hours: 24 Continuing Education Units (CEUs): 2.4** For additional information, contact: info@globalosha.org
